

# Weekly Report

2016.05.09-2016.05.15

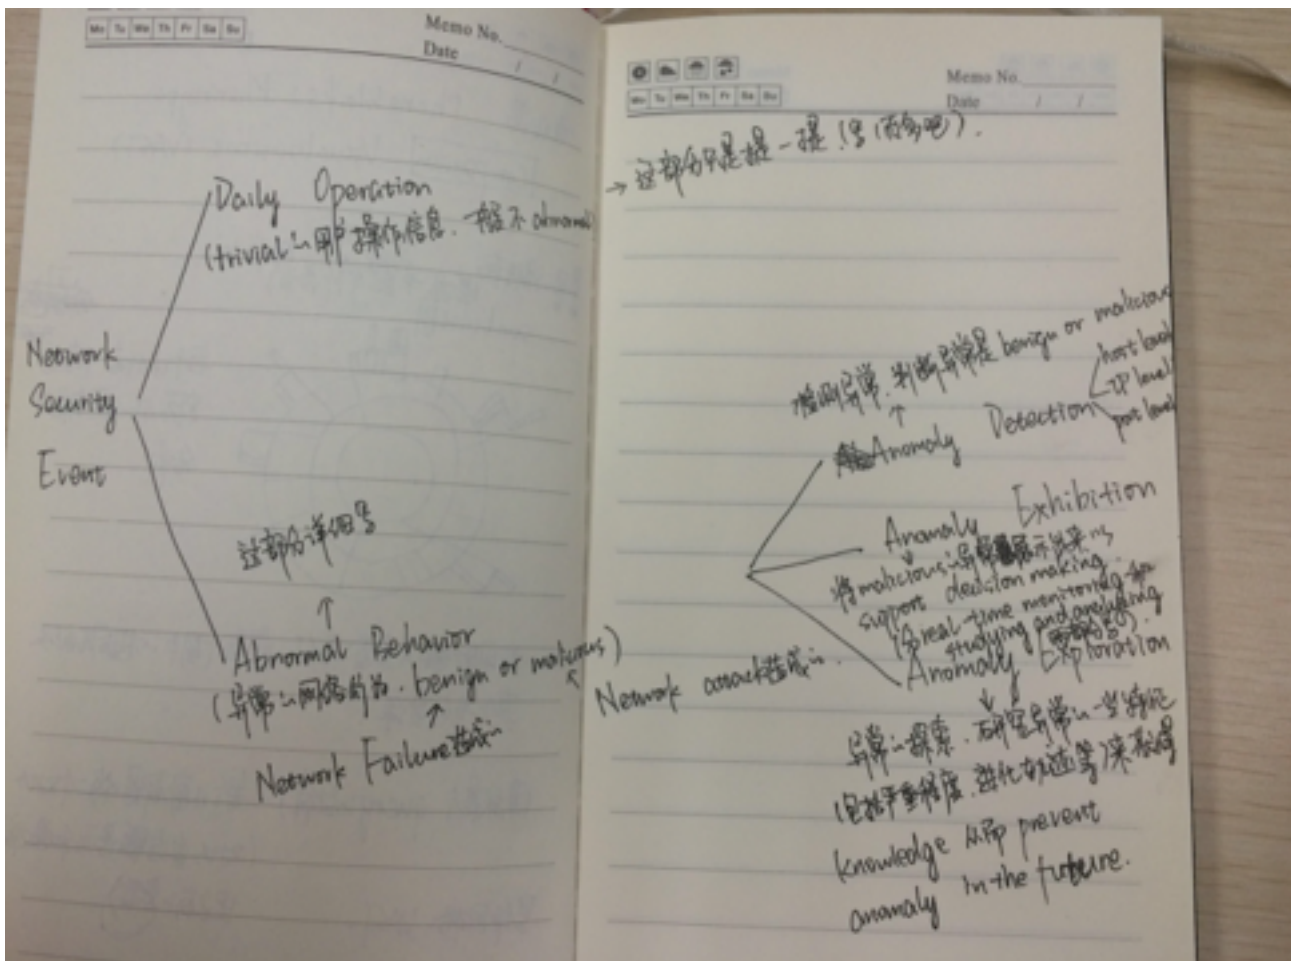

## 1.This Week

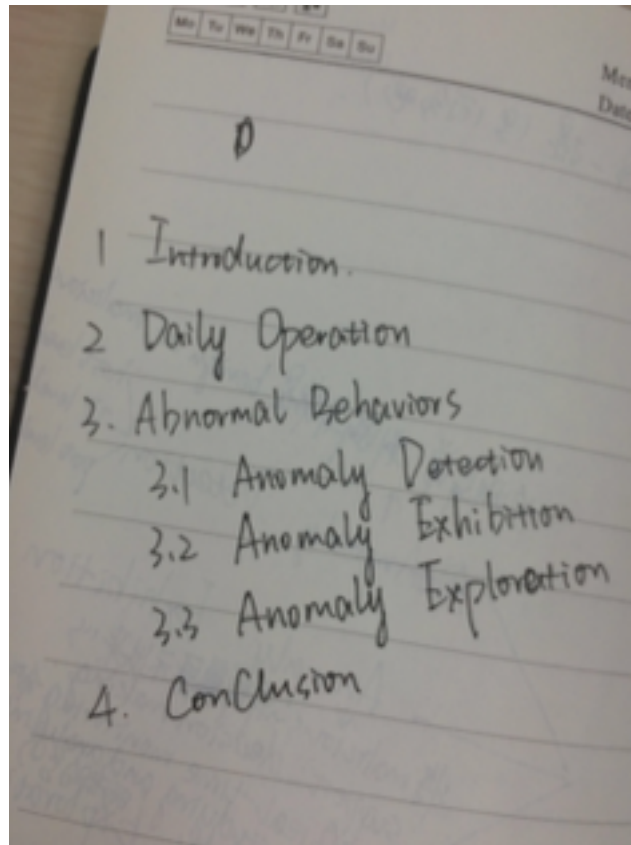

### Graduation Design

1.Finish my graduation paper.

### Survey

- 1.Finish section 3 (Anomaly detection visualization) and half of section 5 (Anomaly exploration visualization).
2. Give a second thought to the survey and reconstruct its writing logic, trying to explain our ideas more clearly. The entire structure is shown in the picture below.

3. Polish the introduction part of the survey.

4. Revise each section to emphasize their main idea.

5. Table below shows our writing progress ( Parts in red is the changed parts, compared to the original plan).

task	member	ddl	state
write introduction	zhangtianye	5.8	finished (need polish)
write section 2	lizongzhaung	5.11	finished (need revise)
write section 3	zhangtianye	5.12	finished
write section 4	wangxvmeng	5.16	almost finished
write section 5	zhangtianye	5.16	started
write conclusion	zhangtianye	5.17	haven't started yet
polish paper	guofangzhou&mayuxin (everyone)	5.19	started

## Global Network Project

1. Write the software copyright document for the global network project

## **2.To Do**

- (1) Finish survey.
- (2) Prepare for graduation report.
